

Company Staff

Hinkel Engineering Inc.

Stacey Lloyd, P.E. Associate

Stacey Lloyd joined Hinkel Engineering Inc. in November of 2004. Her HVAC consulting engineering experience dates back to 1996, soon after graduating from The Pennsylvania State University (1996 BAE). She has been a registered engineer in the state of Ohio since 2001 and is a member of the American Society of Heating, Refrigerating and Air-Conditioning Engineers. She is an Associate for Hinkel Engineering, Inc. and is in charge of specifications and temperature control sequences for the firm.

In addition to HVAC system design, Stacey is responsible for energy simulation modeling using HAP (Hourly Analysis Program) software to optimize building energy performance for LEED credits. She has specific training in the HAP energy analysis software as well as energy management and energy conservation. Stacey recently completed the energy simulation modeling for the Regula Federal Building constructed in Canton, Ohio.

Stacey also designs geothermal well-fields using GLEHPRO software.
